

SCHOOL OS

Real-School Onboarding QA Playbook

A staged test plan to prepare School OS for a real school go-live.

Version 1.0 | August 2026 | Fillable PDF form

Environment (fill in before testing)

App URL	http://localhost:5173
Backend API	http://localhost:8000/api/v1/
Health Check	http://localhost:8000/api/v1/health/
Test Date	
Tester Name	

How to use this document

1. This is a fillable PDF. Open it in Microsoft Edge or Google Chrome and fill it in your browser.
2. Work through the phases in order - each phase builds on the previous one.
3. For every test case: follow the steps, compare with the expected result, then tick Pass or Fail.
4. Type any observations into the Notes field next to the checkboxes.
5. When a test fails, fill in the Bug Report Form near the end of this document and screenshot the bug (Win + Shift + S).
6. To save your filled copy in Edge/Chrome, use the Save (or Save a copy) button in the PDF toolbar.
7. The plan targets the local staging stack. Swap the URLs when the real school instance is deployed.
8. When everything is green, fill in the summary tracker and the go-live sign-off on the last pages.

10 phases - 107 test cases - tick Pass/Fail - add notes - report bugs - sign off

Phase P1: Environment & Pre-Flight

Verify the stack is alive and the public site behaves before touching any data.

ENV-01 Landing page loads

Steps: Open `http://localhost:5173` in Edge.

Expected: Landing page renders with navbar, hero, sections and footer. No console errors.

Pass

Fail

ENV-02 Backend health endpoint

Steps: Open `http://localhost:8000/api/v1/health/`

Expected: JSON response with status ok, platform name and version.

Pass

Fail

ENV-03 Public schools API

Steps: Open `http://localhost:8000/pub/v1/schools/`

Expected: JSON list containing both Saint Joseph and Greenfield schools.

Pass

Fail

ENV-04 Navbar navigation

Steps: Click each navbar link: Home, Find Schools, Teacher Marketplace, Features, Login.

Expected: Each navigates to the correct page. Features lands on the homepage and scrolls to the features section.

Pass

Fail

ENV-05 School search from homepage

Steps: On the homepage search 'Buea' and click Search Schools.

Expected: `/schools` opens with filtered results matching the search.

Pass

Fail

ENV-06 School profile page

Steps: Open `/schools/saint-joseph-bilingual`.

Expected: Logo, motto and the Overview / Programs / Fees / Enroll tabs all load with correct data.

Pass

Fail

ENV-07 Teacher marketplace

Steps: Open /find-teachers. Try the filters and open a teacher card.

Expected: Teacher cards load (no white screen). Filters narrow results. Detail modal opens.

☐ Pass☐ Fail**ENV-08 Footer links**

Steps: Click every link in the footer.

Expected: All links navigate to real pages. No dead links or blank destinations.

☐ Pass☐ Fail**ENV-09 Mobile layout**

Steps: DevTools device toolbar, set width to 375px, browse public pages.

Expected: Pages are usable on mobile width. No horizontal overflow.

☐ Pass☐ Fail**ENV-10 Unknown route**

Steps: Open /does-not-exist in the browser.

Expected: A graceful 404 message appears. No blank white screen.

☐ Pass☐ Fail

Phase P1 total: 10 test cases.

Phase P2 - Tenant & Platform Setup

Create and configure the real school's tenant, branding and portal accounts.

TEN-01 Platform admin login

Steps: Open /login/admin. Login with platform@schoolos.sos / admin123456.

Expected: Redirected to the platform area (/admin/system). Platform tools visible.

☐ Pass☐ Fail**TEN-02 Tenant registry**

Steps: Open the tenant list in the platform area.

Expected: Saint Joseph and Greenfield are listed with Active status and correct details.

☐ Pass☐ Fail**TEN-03 Create the real-school tenant**

Steps: Create a new tenant: name, slug, region, division, education type, session type.

Expected: New tenant appears in the list with the entered details.

☐ Pass☐ Fail**TEN-04 Tenant profile & branding**

Steps: Set logo, motto, address, contact and brand colors for the new tenant.

Expected: All settings save and persist after refresh.

☐ Pass☐ Fail**TEN-05 Tenant school admin account**

Steps: Create a school admin account for the new tenant.

Expected: The new admin can log in and lands in that school's dashboard.

☐ Pass☐ Fail**TEN-06 Tenant data scoping**

Steps: As the new admin, open the dashboard and student lists.

Expected: Only the new tenant's data appears. No other school's data leaks in.

☐ Pass☐ Fail

TEN-07 Branding applies

Steps: Change the primary brand color in settings.
Expected: The admin UI colors update to the new brand color.

☐ Pass

☐ Fail

TEN-08 System Control page

Steps: Open System Control in the admin area.
Expected: Status, platform and version match the /api/v1/health/ response.

☐ Pass

☐ Fail

TEN-09 Bursar account

Steps: Create a bursar account for the tenant.
Expected: The bursar can log in at /login/bursar and sees finance widgets.

☐ Pass

☐ Fail

TEN-10 Government access

Steps: Create or verify a government account for the region (optional).
Expected: The /gov portal loads and shows the region's schools.

☐ Pass

☐ Fail

Phase P2 total: 10 test cases.

Phase P3 - Users, Roles & Security

Verify every account type, access control and tenant isolation rule.

SEC-01 Invite staff users

Steps: Invite admin, teacher, bursar and parent users for the real school.
Expected: Invited accounts appear in the staff directory with correct roles.

☐ Pass

☐ Fail

SEC-02 Teacher login

Steps: Open /login/teacher. Login with dr.song@saintjoseph.sos / teacher123456.
Expected: Redirected to /teacher/dashboard with name and greeting.

☐ Pass

☐ Fail

SEC-03 Bursar login

Steps: Log in as the bursar at /login/bursar.
Expected: Bursar dashboard loads with finance data.

☐ Pass

☐ Fail

SEC-04 Parent login

Steps: Open /login/parent. Login with parent@saintjoseph.sos / parent123456.
Expected: Ward cards for all linked children appear on the parent dashboard.

☐ Pass

☐ Fail

SEC-05 Role isolation

Steps: While logged in as a teacher, type /admin/dashboard in the address bar.
Expected: Redirected back to the teacher area or shown an access denied message.

☐ Pass

☐ Fail

SEC-06 Wrong password

Steps: Log in with a valid email and a wrong password.
Expected: Error message shown. No token stored. No redirect.

☐ Pass

☐ Fail

SEC-07 Forced password change

Steps: Log in with an account flagged must_change_password.
Expected: Redirected to the password change screen. Portals are blocked until the password is changed.

☐ Pass

☐ Fail

SEC-08 Session persistence

Steps: Log in, then press F5 to refresh.
Expected: Still logged in. No re-login prompt.

☐ Pass

☐ Fail

SEC-09 Logout clears session

Steps: Log out, then open a portal URL directly.
Expected: Redirected to login. Token removed from localStorage.

☐ Pass

☐ Fail

SEC-10 Tenant isolation - students

Steps: As admin@saintjoseph.sos call GET /api/v1/students/.
Expected: Only Saint Joseph students appear. No Greenfield students.

☐ Pass

☐ Fail

SEC-11 Tenant isolation - marks

Steps: As a Saint Joseph teacher, request a Greenfield student's results.
Expected: Response 403 or empty results. No cross-tenant data.

☐ Pass

☐ Fail

SEC-12 Unauthenticated API

Steps: Call GET /api/v1/students/ without a token.
Expected: Response 401 Unauthorized.

☐ Pass

☐ Fail

Phase P3 total: 12 test cases.

Phase P4 - Academic Structure

Build the real school's calendar, classes, subjects and student records.

ACAD-01 Academic Setup page

Steps: Open Academic Management > Academic Setup.
Expected: Four tabs render: Academic Years, Terms, Classes & Grade Levels, Curriculum Subjects.

☐ Pass

☐ Fail

ACAD-02 Create academic year

Steps: Add year 2026/2027, start Sep 1 2026, end Jun 30 2027, Initialize.
Expected: New year appears in the list with Active status.

☐ Pass

☐ Fail

ACAD-03 Create terms

Steps: Create First, Second and Third Term (orders 1, 2, 3) under the new year.
Expected: Terms appear linked to the correct academic year.

☐ Pass

☐ Fail

ACAD-04 Create classes

Steps: Create Form 1 through Form 5 with correct level orders.
Expected: Classes appear in the class list with correct ordering.

☐ Pass

☐ Fail

ACAD-05 Create subjects

Steps: Add core subjects (e.g. Math coeff 4, English coeff 3) and mark compulsory.
Expected: Subjects appear with correct coefficients and flags.

☐ Pass

☐ Fail

ACAD-06 Sections & streams

Steps: Create a section/stream and assign students to it.
Expected: Students are grouped correctly under the stream.

☐ Pass

☐ Fail

ACAD-07 Register one student

Steps: Add New Student: fill demographics, placement, review and confirm.
Expected: Student appears in the registry with all entered details.

☐ Pass

☐ Fail

ACAD-08 Bulk import students

Steps: Upload a CSV via Bulk Import Students.
Expected: Students import successfully. Summary shows the success count.

ACAD-09 Import error handling

Steps: Upload a CSV with missing fields or a bad date.
Expected: Row-level errors are shown. No partial or corrupt rows are created.

☐ Pass

☐ Fail

ACAD-10 Registry search & edit

Steps: Search a student, open the profile and edit name or class.
Expected: Changes save and persist after refresh.

☐ Pass

☐ Fail

ACAD-11 ID card generation

Steps: Open ID Card Generator and generate a single card.
Expected: Front/back preview shows photo, name, class and school logo.

☐ Pass

☐ Fail

ACAD-12 Student promotion

Steps: Open Student Promotion, preview decisions, then Execute.
Expected: PROMOTED students move to the next class; REPEATED students stay.

☐ Pass

☐ Fail

Phase P4 total: 12 test cases.

Phase P5 - Teaching, Assessment & Reports

Timetables, attendance, the exam pipeline and report cards.

TCH-01 Create a timetable

Steps: Open Timetables, create a timetable for a class and term.
Expected: Timetable card appears in the grid.

☐ Pass

☐ Fail

TCH-02 Timetable grid

Steps: Open a timetable that has time slots.
Expected: Monday to Friday grid shows slots with subject, teacher and room.

☐ Pass

☐ Fail

TCH-03 Attendance

Steps: As a teacher, record attendance for a class.
Expected: Attendance saves. Class summary updates.

☐ Pass

☐ Fail

TCH-04 Create sequences

Steps: In Exam Workflow, create sequences for a term.
Expected: Sequence cards change from pending to ready.

☐ Pass

☐ Fail

TCH-05 Open mark entry window

Steps: Click Open for Marks on Sequence 1, Term 1.
Expected: Status becomes Active. Button changes to Close Sequence.

☐ Pass

☐ Fail

TCH-06 Teacher enters marks

Steps: As dr.song, open the window and enter marks for students.
Expected: Marks save per student and show in the window.

☐ Pass

☐ Fail

TCH-07 Mark validation

Steps: Enter a mark above the allowed scale (e.g. 25 on a 0-20 scale).
Expected: Mark is rejected with a clear message.

☐ Pass

☐ Fail

TCH-08 Close mark window

Steps: Click Close Sequence on the active window.
Expected: Status changes to Done.

☐ Pass

☐ Fail

TCH-09 Report card gate

Steps: Check the Generate Report Cards button state.
Expected: Button is enabled only when all sequences for the term are closed.

☐ Pass

☐ Fail

TCH-10 Report card PDF

Steps: Generate report cards and download one.
Expected: PDF shows student name, class, term, marks, averages and comment.

☐ Pass

☐ Fail

TCH-11 Share with parents

Steps: Toggle Share with Parents on a closed sequence.
Expected: Parents can see the marks for that sequence in their portal.

☐ Pass

☐ Fail

TCH-12 Mark filling analytics

Steps: Open Academic Analytics > Mark Filling.
Expected: KPI cards show fill rate, filled, pending and total assignments.

☐ Pass

☐ Fail

TCH-13 Notify pending teachers

Steps: Click Notify All Pending.
Expected: Notifications are sent to teachers who have not entered marks.

☐ Pass

☐ Fail

TCH-14 Academic analytics

Steps: Open School Overview, Subject Analysis and Class Analysis tabs. Change year/term filters.
Expected: KPIs, charts and tables update with the selected filters.

☐ Pass

☐ Fail

Phase P5 total: 14 test cases.

Phase P6 - Finance

Fees, invoicing, payments, reminders, expenses and reconciliation.

FIN-01 Fee Setup page

Steps: Open Finance > Fee Setup.
Expected: Categories and Structures tabs render.

☐ Pass

☐ Fail

FIN-02 Create fee category

Steps: Create a category such as Tuition, mark mandatory.
Expected: Category appears in the list.

☐ Pass

☐ Fail

FIN-03 Create fee structure

Steps: Create a structure linking category, class and amount.
Expected: Structure shows the correct amount and class.

☐ Pass

☐ Fail

FIN-04 Batch generate invoices

Steps: Generate invoices for a class with a due date.
Expected: Invoices created for all students in the class, status unpaid.

☐ Pass

☐ Fail

FIN-05 Invoice list

Steps: Open the invoice list.
Expected: Table shows invoice number, student, amount, status and due date.

☐ Pass

☐ Fail

FIN-06 Cash payment

Steps: Record a cash payment against an unpaid invoice.
Expected: Receipt generated. Invoice status becomes paid or partial.

☐ Pass

☐ Fail

FIN-07 Mobile money payment

Steps: Record a mobile money payment with a transaction reference.
Expected: Payment recorded with the method. Invoice balance reduces.

☐ Pass

☐ Fail

FIN-08 Overpayment rejected

Steps: Record a payment larger than the invoice balance.
Expected: Error: amount exceeds outstanding balance. No payment recorded.

☐ Pass

☐ Fail

FIN-09 Send payment reminder

Steps: Send a reminder on an unpaid invoice.
Expected: Confirmation shown. The parent receives a reminder notification.

☐ Pass

☐ Fail

FIN-10 Student ledger

Steps: Open Student Ledger for a student.
Expected: Shows billed, paid, balance and the full transaction history.

☐ Pass

☐ Fail

FIN-11 Arrears list

Steps: Open Arrears Management.
Expected: Unpaid balances listed with student names and amounts.

☐ Pass

☐ Fail

FIN-12 Record an expense

Steps: Record an expense with category and amount.
Expected: Expense appears in the list and the summary updates.

☐ Pass

☐ Fail

FIN-13 Finance dashboard

Steps: Open the finance dashboard / treasury.
Expected: Collected vs outstanding KPIs match the ledger totals.

☐ Pass

☐ Fail

FIN-14 Parent self-pay

Steps: As a parent, pay an invoice from the fees page.
Expected: Ledger updates. The admin and bursar receive a payment notification.

☐ Pass

☐ Fail

Phase P6 total: 14 test cases.

Phase P7 - Parent Portal

What parents of the real school will see every day.

PAR-01 Parent dashboard

Steps: Log in as parent@saintjoseph.sos.
Expected: Ward cards appear for every linked child with class and photo.

☐ Pass

☐ Fail

PAR-02 Fees page

Steps: Open the Fees page.
Expected: Invoices show correct amounts, status and balance.

☐ Pass

☐ Fail

PAR-03 Self-pay flow

Steps: Pay an invoice from the portal.
Expected: Confirmation and receipt appear. Balance updates immediately.

☐ Pass

☐ Fail

PAR-04 Results view

Steps: Open results for a child.
Expected: Marks appear only for sequences shared by the school.

☐ Pass

☐ Fail

PAR-05 Reports & analytics

Steps: Open attendance and performance reports.
Expected: Charts and tables load with correct child data.

☐ Pass

☐ Fail

PAR-06 Profile editing

Steps: Edit the parent profile details.
Expected: Changes save and persist.

☐ Pass

☐ Fail

PAR-07 Child isolation

Steps: Browse the parent portal.
Expected: Only the parent's own children are visible anywhere.

☐ Pass

☐ Fail

PAR-08 Notification bell

Steps: Click the bell, open a notification, then Mark all read.
Expected: Unread badge counts correctly and clears after reading.

☐ Pass

☐ Fail

Phase P7 total: 8 test cases.

Phase P8 - Public Site & Enrollment

What visitors and prospective parents see before they sign up.

PUB-01 School profile content

Steps: Open the real school's profile page.
Expected: Logo, motto, programs and fee structures match what the admin entered.

☐ Pass

☐ Fail

PUB-02 Enrollment inquiry

Steps: Submit the Enroll Now form on the school profile.
Expected: Success message shown after submission.

☐ Pass

☐ Fail

PUB-03 Inquiry reaches the school

Steps: Check the admin portal for the inquiry.
Expected: The inquiry appears in the school's list or notifications.

☐ Pass

☐ Fail

PUB-04 Marketplace filters

Steps: Filter teachers by subject, region, availability and rating.
Expected: Results narrow correctly for each filter.

☐ Pass

☐ Fail

PUB-05 Teacher detail modal

Steps: Click a teacher card in the marketplace.
Expected: Modal shows philosophy, subjects, languages, certifications and rate.

☐ Pass

☐ Fail

PUB-06 Hash link navigation

Steps: On another page, click Features in the navbar.
Expected: Lands on the homepage and scrolls to the features section.

☐ Pass

☐ Fail

PUB-07 No dead buttons

Steps: Click every call-to-action on the public pages.
Expected: Every button navigates somewhere meaningful. No dead buttons.

☐ Pass

☐ Fail

PUB-08 Public pages on mobile

Steps: Set DevTools to 375px and visit public pages.
Expected: Pages render and are usable on mobile width.

☐ Pass

☐ Fail

Phase P8 total: 8 test cases.
Phase P9 - Notifications & Communications

Announcements, alerts and the notification bell.

COMM-01 Create announcement

Steps: Compose an announcement for Teachers, toggle urgent, publish.
Expected: Appears in the published list with an urgent badge.

☐ Pass

☐ Fail

COMM-02 Teacher sees announcement

Steps: Log in as a teacher and check the announcements panel.
Expected: The announcement appears with the urgent badge.

☐ Pass

☐ Fail

COMM-03 Parent exclusion

Steps: Log in as a parent and check announcements.
Expected: The teacher-only announcement is not visible to the parent.

☐ Pass

☐ Fail

COMM-04 Invoice notification

Steps: Generate an invoice for a student.
Expected: The parent receives a notification with a link to the invoice.

☐ Pass

☐ Fail

COMM-05 Payment notification

Steps: Record a payment on an invoice.
Expected: The parent and admin/bursar receive payment notifications.

☐ Pass

☐ Fail

COMM-06 Reminder notification

Steps: Send a fee reminder.
Expected: The parent receives a reminder notification with the correct amount.

☐ Pass

☐ Fail

COMM-07 Bell behavior

Steps: Watch the bell while events occur, open it, then mark all read.
Expected: Unread badge increments on new events and clears after reading.

☐ Pass

☐ Fail

COMM-08 Direct message

Steps: Send a quick message to a teacher.
Expected: The recipient sees the message in their inbox.

☐ Pass

☐ Fail

Phase P9 total: 8 test cases.
Phase P10 - Reliability & Go-Live

Final checks before onboarding the real school.

GO-01 Finance reconciliation

Steps: Compare the finance summary to the student ledgers.

Expected: Totals for collected and outstanding match the ledger sums.

☐ Pass☐ Fail**GO-02 Concurrent updates**

Steps: Open two browser windows. Record a payment in one, refresh the other.

Expected: The second window reflects the new balance.

☐ Pass☐ Fail**GO-03 Offline handling**

Steps: DevTools > Network > Offline, then reload a page.

Expected: Friendly error message appears. No crash or blank screen.

☐ Pass☐ Fail**GO-04 Loading states**

Steps: Visit a data-heavy page such as Student Ledger.

Expected: Skeleton placeholders appear while data loads.

☐ Pass☐ Fail**GO-05 Audit trail**

Steps: Perform a few actions, then open the audit log.

Expected: Entries appear with timestamp, user, action and module.

☐ Pass☐ Fail**GO-06 Audit export**

Steps: Export the audit trail to CSV.

Expected: CSV downloads and opens with the correct columns.

☐ Pass☐ Fail**GO-07 No pending migrations**

Steps: Run: `python manage.py makemigrations --check --dry-run`

Expected: Output: No changes detected.

☐ Pass☐ Fail**GO-08 Django system check**

Steps: Run: `python manage.py check`

Expected: No errors reported.

☐ Pass☐ Fail**GO-09 Frontend build**

Steps: Run: `npm run build` (in the frontend folder)

Expected: Compiles without TypeScript errors.

☐ Pass☐ Fail**GO-10 Database backup**

Steps: Run: `pg_dump school_os > backup.sql`

Expected: Backup file is created and contains the expected tables.

☐ Pass☐ Fail**GO-11 Go-live sign-off**

Steps: All phases above are green, accounts documented, data imported.

Expected: Team agrees on the go-live date and records it below.

☐ Pass☐ Fail

Phase P10 total: 11 test cases.

Test Accounts Reference

Saint Joseph Bilingual Academy (slug: saint-joseph-bilingual)

Role	Email	Password	Portal URL
School Admin	admin@saintjoseph.sos	admin123456	/login/admin
Teacher	dr.song@saintjoseph.sos	teacher123456	/login/teacher
Teacher	dr.thorne@saintjoseph.sos	teacher123456	/login/teacher
Teacher	mme.biya@saintjoseph.sos	teacher123456	/login/teacher
Teacher	bigbrotherdilan@gmail.com	teacher123456	/login/teacher
Parent	parent@saintjoseph.sos	parent123456	/login/parent

Greenfield International Academy (used for isolation checks)

Role	Email	Password	Portal URL
School Admin	admin@greenfield.edu.cm	admin123456	/login/admin
Teacher	james.ashi@greenfield.edu.cm	teacher123	/login/teacher
Teacher	fatima.ngwa@greenfield.edu.cm	teacher123	/login/teacher
Teacher	pierre.tamba@greenfield.edu.cm	teacher123	/login/teacher
Parent	grace.foncha@greenfield.edu.cm	parent123456	/login/parent

Cross-school parent (multi-tenant check)

parent@saintjoseph.sos has children at both schools. Verify the parent only ever sees their own children.

Severity Definitions

Use these definitions when classifying bugs in the report form.

Critical	Blocks core functionality. Users cannot complete essential tasks.	Login fails for all users
Major	Feature is broken but a workaround exists.	Report card PDF is blank but data is correct
Minor	Something is wrong but it does not block the main task.	Wrong label on a button
Cosmetic	Visual issue only. Does not affect functionality.	Color is slightly off

Minimum bar before go-live: no open Critical or Major bugs.

Test Summary Tracker

Count the ticked Pass / Fail / Blocked boxes per phase and enter the numbers below.

Phase	Area	Cases	Passed	Failed	Blocked
PP1	Environment & Pre-Flight	10			
PP2	Tenant & Platform Setup	10			
PP3	Users, Roles & Security	12			
PP4	Academic Structure	12			
PP5	Teaching, Assessment & Reports	14			
PP6	Finance	14			
PP7	Parent Portal	8			
PP8	Public Site & Enrollment	8			
PP9	Notifications & Communications	8			
PP10	Reliability & Go-Live	11			
TOTAL	All phases	107			

Passed + Failed + Blocked must equal 107 for every phase.

Go-Live Sign-Off

Complete this page only when all phases are green and every Critical and Major bug is fixed.
